SUMMARY

Product & UX Designer with experience delivering end-to-end digital experiences for banking, automotive, and B2B SaaS. Skilled in user flows, research, UX writing, and high-fidelity UI. Worked directly with enterprise clients (ICICI) and designed critical modules such as Fixed Deposit booking, service requests, and CRM tools.

WORK EXPERIENCE

Home Mechanic — UI/UX Designer (Contract)

June 2025 – July 2025 | New Delhi

- Designed an internal CRM to streamline workflows for Business Development Associates reducing 40% time invested in manual tracking
- Created end-to-end flows for lead management, car selection, and follow-ups
- Improved usability through edge cases, validation, and error handling

Them Consulting Pvt. Ltd. — Experience Design Intern

July 2024 – April 2025 | Gurgaon

- UX designer allocated to ICICI Corporate Internet Banking (CIB), a complex B2B SaaS platform.
- Enhanced UX writing and supported the creation of ICICI's design system.
- Converted desktop banking flows to mobile responsive layouts.
- Led complete end-to-end design for modules such as Fixed Deposit booking and approvals. Designed cross-selling experiences (e.g., Overdraft against FD).
